## NOTABLE ITEMS

My partner and I were interviewed by Jeff Howard of Design for Service about our project with the Woodville Community Garden and the co-design process that we used to enable community members to actively participate in the design of their community garden.

Our first project, and visual model that I created appeared in the April/May 2010 issue of the Service Design Network's journal Touchpoint.

Sculptural work accepted to SCAD's 2008 foundation studies honor show.
